

# TOP200 CELL AND GENE FACILITY INDEX AND BIOMANUFACTURERS SUBSCRIPTION DATABASE

The ONLY Global Cell and Gene facilities database subscription that actively tracks over 200+ dedicated Cell and Gene Therapy facilities providing cell therapy and gene therapy development and manufacturing services for biopharmaceuticals.

Global cell and gene therapy market size is projected to reach approximately \$82.24 billion by 2032

**Current Count of Cell and Gene Facilities**

339

Based on 30 years of evaluating and benchmarking the biopharmaceutical and life sciences industry, this database is updated continually and includes comprehensive information and insights.

**Top200Cell and Gene Facility Index** ranks each 'dedicated' cell and gene therapy facility and provides regional quantitative analysis of biomanufacturing regions and clusters

- Total bioreactor liter capacity
- Cell and Gene Therapy service expertise
- Future Biomanufacturing capacity coming online
- Number of commercial and clinical biological products manufactured
- Revenue estimates
- Strengths and Challenges
- Technologies and expertise, and much more

## USES FOR THE TOP200CellGene.COM

- **Identify ideal partners:** develop key networks with CT/GT partners
- **Identify specialized expertise:** cell or gene therapy, pDNA, mRNA
- **Early-stage companies:** sponsors can identify potential manufacturing partners
- **Facility siting:** Locate qualified employees; reduce hiring challenges
- **Sales territory allocations:** Determine where and how to staff territories
- **Market Competition:** Identify competitors' strengths and weaknesses
- **Real estate valuation:** For facilities, based on regional attractiveness
- **HR and Recruiters:** Looking for a critical mass of educated and skilled staff
- **Industry Growth:** Find where the industry is growing most rapidly
- **Emerging Regions:** CT/GT Facilities in China, India, Latin America, Middle East regions
- **Facility Ranking:** How do CT/GT facilities rank, in skills, employment, capacity

## WHAT YOU'LL GET

- Full 1-year Access
- Biofacilities Quarterly News letter (Free! Save \$950/)
- Comprehensive annual review.
- Dashboard: Searchable and sortable
- **Access to live analysts for queries and input**
- **\$4450 Single Use License**
